

Quality Assurance Engineer (f/m/d)

100% Zürich

Hexagon Robotics is a division of Hexagon – a global leader in precision measurement. Established in 2025, Hexagon Robotics develops humanoid robots for industrial sectors to address labor shortages and enable the transition from automation to autonomy. The first humanoid product, AEON, was launched in June 2025 and combines agility, awareness, spatial intelligence and versatility to provide a market-leading solution for automotive, transportation, aerospace, manufacturing, and logistics customers.

We are looking for an hands on **Quality Assurance Engineer** to join our manufacturing team and help develop testing processes to ensure the scalable assembly of Aeon, Hexagon's humanoid robot.

Your Mission

- Drive the Quality Management System of Hexagon Robotics (HxR)
- Drive the ISO 9001 certification process of AEON assembly lines.
- Manage the Non-Conformity and Deviations processes, from material inbound to after sales activities.
- Support the Supplier Quality Management activities.

Your Skillset

- A Master's degree in Mechanical, Electronics, Robotics, Industrial Engineering, or a related technical field.
- Mechanical and/or electronics drawings and schematics reading
- Previous proven experience in quality management related to manufacturing goods.
- Previous experience with Metrology, Statistical tools and root cause analysis

- Support the continuous improvements activities

tool

- Fluent English, written and spoken.
- Team-oriented mindset with strong problem-solving and creative thinking skills.

A plus if you have:

- Familiarity with functional testing of electromechanical assemblies
- Understanding of traceability requirements (serial number / lot tracking)
- Experience with contract manufacturers or outsourced production lines

What You'll Get

- Flexible working hours and a hybrid model for real work-life balance
- Generous vacation: 25–30 days depending on age
- CHF 500 mobility credit for sustainable commuting
- Bonus system & strong pension contributions
- Tailored training & development opportunities
- Relocation support for a smooth start
- Discounts on health, mobility & entertainment
- Team events and a flat hierarchy where your voice counts
- A warm, international culture built on respect and collaboration

Great robots need great people.
